3 gallon bucket 50c
Large Tea Kettle 50
Coffee or Tea Pot 25

Besides cook Spoons, Cups, Dippers, Wash Pans, etc.

J. B. Eaton.

Two Wrecks Monday.

Monday morning there was a wreck on the east bound freight train between Indian Fields and L. & E. Junction which delayed traffic for some time before the track could be cleared. The west bound morning passenger train, though leaving here on time could not make connection at L. & E. Junction with the C. & O. going to Mt. Sterling, so many persons here who were aiming to attend court were prevented from going.

And again Monday afternoon after clearing the track an engine was pulling up the Indian Fields grade two pair of trucks to switch for the passenger when they broke loose and gained a rate of at least sixty miles an hour. They met the west bound passenger train a distance this side of Indian Fields and ran under the engine doing considerable damage to both the engine and baggage car. No one was hurt by the accident, but a new engine was necessary to carry the train on into Lexington.

Dr. O. W. McIntyre, D. D. S., of Carlisle, is visiting relatives in the city.

Kentucky Crop Report.

The month of March was bad from beginning to the end. Snow, sleet and rain followed each other in rapid succession, but since April came in there has been a decided improvement in the weather. The sun has again appeared and all nature is taking on the appearance of spring.

The prospects are for a full planting of corn. The wheat crop, especially the early sown, is looking well. On the low lands, particularly in the Purchase counties, the wheat fields have been too much flooded to promise well. The spring oat sowing is very backward on account of the bad weather in March, which will ent the acreage short of an average crop. The condition of rye is fairly good. About one-fourth of the 1905 tobacco crop, both Burley and dark, remains unsold. There seems to be a slight falling off in price of Burley from last year, but the dark tobacco has sold higher. Meadows and clover have lost a few points each in condition since our March report. The acreage of clover sown this spring is not up to the average, largely on account of the uncertainty of the crop. The farmers in many sections are rapidly becoming discouraged in trying to raise it. The potato crop will be about the usual acreage, but will be unusually late in being planted.

Compared with a five-years' average, there seems to be quite a falling off in all kinds of live stock. Hogs, sheep and lambs are very much below what they should be, as they are all in demand at good prices. Hogs, particularly, are reported scarce in a great many counties. It is most too early yet to accurately forecast the strawberry, fruit and garden crops. Some damage in certain localities is reported to the peach and cherry crop, but it is hoped that fair weather in April will insure a full crop of fruits of all kinds.

Farmers have not been able to do as much plowing as they usually have done at this season of the year, consequently are further behind with their work, but with fair weather in April they will soon catch up and once more be in good spirits.

A Good Grass.

Japan clover, a grass which in recent years has spread to the greater part of the country growing even on the poorest soil, coming thicker this Spring than ever. It affords excellent grazing and cuts good hay. For grazing purposes the new grass cannot be excelled after it comes in, but it is too late for early grazing. It is said to be a splendid fertilizer and is considered a blessing for this country to have the new grass accidentally introduced.

Bank Statement.

In this issue, the Clay City National Bank has another of their fine statements. This bank of recent years has been doing a flourishing business, yielding good interest to the stockholders, and being a safe depository for all who have a surplus amount of cash. The savings department of this bank is quite an important feature and one that every individual should have some interest in.

A Dutious Grand Jury.

The Montgomery County grand jury now in session at Mt. Sterling has made several sensational indictments with the promise of more to follow.

Indictments have been found against Magistrates J. W. Henry, C. L. Dean, Newt Perry and J. H. Shultz for alleged malfeasance in that they attempted to pay W. W. Eubank as road commissioner a salary after he had been removed, and other offenses. Eubank was also indicted for alleged usurpation of office in acting after he had been removed, and City Jailor Langston was indicted for allowing a prisoner to escape. Magistrate Henry is also under indictment for alleged subornation of perjury. W. M. Wiley was indicted on three counts on the charge of embezzlement, while Matt Oldham, a young farmer and member of a prominent and influential family, was indicted on an accusation of grand larceny, it being alleged that he stole three cattle from John T. Woodford's pasture. It is reported that Oldham has fled the country and will not face the charge.

Destructive Earthquake.

A telegram has been received announcing a terrible earthquake at San Francisco, Calif., followed by a most destructive fire. Four thousand are said to have lost their lives. J. A. Webb formerly of Clay City is a resident of the ill-fated city.

Better Still.

The vein of cement clay on the Bohannan farm near Stanton has all along been considered a valuable find, though to not be more than a fifteen-foot vein, but upon a thorough investigation, it is found to be twenty-five feet instead of fifteen. This is good news, but what the people want is to see work on the plant begin.

Forest Fires.

Forest fires were raging in many parts of the county Friday, but was stopped by rain that night. As it was, not much injury resulted, but if the rain had not come so soon a great deal of damage was bound to accrue as the wind was high and strong and the flames spread rapidly.

Caught Large Fish.

Louis Bradley, Clay City's leading angler, last Saturday caught by dipnet a large pike fish weighing nineteen pounds. He took the fish to Lexington and there placed it on exhibition. Mr. Bradley is noted for having landed a number of large fish from Red river.

SHIMFESSEL'S.

Clay City's Leading Store

The store where you have been dealing for the past twenty years with the most satisfactory results, is still in the field with the usual

A General Banking Business transacted.
As liberal accommodations will be extended as is consistent with safe banking methods.

YOUR BUSINESS SOLICITED.

Work on L. & E. Extension.

Plans have been completed by the Lexington and Eastern railroad, it has been reported in Louisville, for the extension of the line from Jackson to Hazard, Ky., this summer. Right of way for the extension has belonged to the railroad for several years, but lack of finances has made the actual construction of track not only impracticable, but impossible. The line is to continue through Jackson southeast to Hazard, from which place, in time, it will be continued south into the mineral district in the Eastern Kentucky mountains.

Operation of the Lexington and Eastern during the last year has been exceptionally successful, it is asserted, and this success has made the extension possible. The distance from Jackson to Hazard is about twenty-one miles, and it is believed that a comparatively level right of way up Lost Creek has been secured. According to the plans of the company the extension will be completed this summer and will be ready for operation by the middle of next fall.

H. L. Twyman, of Winchester, was here Friday and Saturday after some good horses. Mr. Twyman has recently bought a number of horses in this country and finds that animals from Powell usually sell well and commands good prices. Since horses are so high it seems that our people should pay more attention to this industry and less to other unprofitable occupations.

C. Shimfessel, one of our leading merchants, is in Cincinnati this week buying his Spring stock of goods. Mr. Shimfessel always shows a nice line of goods for all seasons and this Spring's collection will surpass all previous efforts. Don't fail to call and see when this mammoth stock arrives.

New Millinery.

I will be at my Millinery Store in Clay City within the next few days with a nice line of everything new in Millinery, and will be pleased to see all my old friends and customers and all persons interested in Millinery. Mrs. W. N. BUSH.

Sewing.

I will do all kinds of Sewing at my residence adjoining the Methodist Church. Mrs. Chas. Crooks.

SPOUT SPRING.

Elder George W. McIntosh sold last week to Thos. Williams, of Irvine, a bunch of forty-six head of hogs at \$1.75 per hundred.

John H. Burgher, of Lexington, was here from Friday until Monday visiting relatives. Mr. Burgher has continuously been in the employ of the L. & E. railway for the past fourteen years, and is held in the highest esteem by the railroad officials.

Result of Riches.

J. H. McEachern, Victor, Colo., was convicted of conspiracy to defraud the Northwestern Mutual Life Insurance Company, and it took only 45 minutes to convict him and sentence him to the penitentiary for four years. There are a lot of other conspirators who the public now knows have robed the companies out of many millions, but none of them are in jail, though they have confessed the crime. It's different with the poor and unindustrious and the rich.

He Didn't Make the Race.

A man in Franklin county, Mo., had about made up his mind to become a candidate for clerk of the district court, and was talking to his wife about it. "See here, John," she replied. "I've lived with you about fifteen years and have had a fair opinion of you and I don't want it all spoiled now. I don't want to learn that you were in the penitentiary several years for burglary. I don't want to hear how you nearly beat your father to death and swindled him out of his property. If you came near being hanged for stealing horses in Indian Territory and had to leave Iowa for murder, I don't care to hear it all threshed over at this day. You can run for clerk of the court if you choose, and if elected the first case you will have on the docket will be Mary vs. John, suit for divorce; grounds, the plaintiff has three living wives and is an escaped convict. And by that time I can prove it, John."

WANTED—A partner who can invest from \$250 to \$300 cash to take half interest in established military business, owned by competent manager. For particulars, call at this office.

To Complete Railroad.

The Mountain Central Railway, property of Floyd and John C. M. Day, will, in a short time, be completed to Campton. The road is already finished to Pine Ridge, four miles this side of Campton. The road, though not completed, has already proved to be very valuable property.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Kentucky and Jamestown Exhibition.

Kentucky is a very progressive State, but she frequently neglects some very important matters. The recent session of the Legislature overlooked the appropriation of a fund for the proposed Jamestown Exhibition celebration next year, and as it now is the State will have to go without any display.

As every school boy and girl knows the first English settlement in America was at Jamestown, Va., A. D. 1607 or three hundred years ago next year, and they also know that Virginia is Kentucky's mother state, and now for this State to demonstrate her indifference to mother when she is striving to honor the first settlement, seems to be a very careless act on the part of our Legislature. They might have left off other appropriation bills that were of no special benefit to the public but by all means they should have set aside not less than \$50,000.00 for the Jamestown Exhibition.

The Legislature did the same thing at the proper time for the World's Fair at St. Louis, but the citizens took it up and raised a very creditable sum, and they should do the same again. Kentucky must be represented at the Jamestown exhibition next year.

A Good Law.

One of the best laws recently enacted by the Legislature, was House bill No. 114, requiring publication annually by the fiscal court of counties of a statement of all business done and accounts paid during the year, providing for publication in some other manner when no newspaper is published in the county.

It is nothing but right and just that the people of the county should know just how the community stands. They pay in their tax and should know where the money goes to. Under the new law every reader of the county paper can find this out just as they should, while those who are not subscribers will have to do without this explanation or borrow their neighbors, but we guess those who are not interested enough in their county to take the county paper will care but little about the county any way.

Taylor and Finley Not in the List.

Thousands of Kentuckians in other states have expressed a determination to visit their native state again during Home Coming Week, but so far the list does not include W. S. Taylor nor Charles Finley who are sojourning in Indiana. Their home coming would receive the approval of a host of Kentuckians, who would like to see them here once more.—Winchester Democrat.

It is stated that Judge J. B. White, of Irvine, will again make the race for Congress. Mr. White has served one term but was defeated by his incumbent in 1901 for the Democratic nomination. Floyd Byrd and Judge John E. Cooper also are candidates.

An infuriated Norwegian living in Iowa, has denaturalized himself for the reason as he claims, that this is no longer a free country. However, he will still have the privilege of paying taxes and complaining about taxation without representation.

Chairman Finley E. Fogg, has called a meeting of the Democratic Executive Committee to meet at Paintsville, in Johnson County today to consider the fixing manner, place and time for nominating a candidate for Congress from this district.

Our Representative Frank A. Hopkins seems to be having a hard time up at Washington. But Mr. Hopkins is making a good record defending himself and his constituents too.

It is estimated that one-fourth of the U. S. Senators are being treated for deafness, throat troubles or failing sight. Cases of ingrowing conscience, however, are extremely rare.

Congress says the government cannot direct insurance. Of course not. If it did, where would the campaign contributions come from?

OUR BIG CLUBBING OFFER.

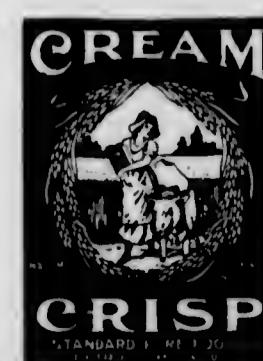

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the TIMES and Southern Agriculturist a whole year to any new or old subscriber who pays us 60¢.

This great semi-monthly farm paper goes twice every month into 50,000 southern homes, and the regular price is 5¢ cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies free at our office.

Has it Occurred To you why....

So many wheat flaked foods have come and gone? Lack of quality of course. The richness that is distinctively noticeable in Cream Crisp gives it a taste quality unequaled. This accounts for growing business.

**BEAUTIFY YOUR HOME
WITH KINLOCH PAINT**
READY TO MIX NOT READY MADE

Important Memorandum—For houses in the more expensive classes a painting of a 30 cubic foot room costs \$1.00 per square yard. This same paint applied by a dealer (\$2.00 per dozen, \$10.00 per case) will last six years. This is 100% per year. The cost of the good painter is \$1.00—so the painter's \$0.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

**Kinloch
House Paint**

There's one indisputable reason why, a reason every honest painter will acknowledge... "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend it use for every good reason we know.

B. Littlepage & Son, CLAY CITY, KY.
KINLOCH PAINT COMPANY

DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

WINE OF CARDUI Woman's Relief

that marvelous, curative extract, or natural essence, of herbs, which exerts such a wonderful strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the muscles to pull the womb up into place.

It is a safe and permanent cure for all female complaints.

WRITE US A LETTER

"I SUFFERED AWFUL PAIN in my womb and ovaries," writes Mrs. Naomi Baker, of Webster Groves, Mo., "and my menses were very painful and irregular. Since taking Cardui I feel like a new woman, and do not suffer as I did."

Levee.

Telford Bone sold a pair of mules Monday for a good price.

Mrs. Virgil Hainline spent Saturday night with Mrs. Telford Bone.

Mrs. Mary Jones, of Clark, is with her daughter, Mrs. Frank Monroe.

Misses Ella and May Barrow spent Friday night with Miss Eddie Knox.

Miss Nancy Watts, of Winchester, is the guest of her sister, Mrs. Tom McCormick.

Miss Mary Enis Wyatt, of Mt. Sterling, was the guest of Miss Emma West Friday night.

Mr. and Mrs. G. P. Douglas spent Sunday with their daughter, Mrs. Simpson Garrett.

On Friday night Mrs. E. A. Carnahan entertained with a candle pulling. All report a nice time.

Fletcher West, of Richmond, spent Saturday and Sunday with his parents, Mr. and Mrs. E. E. West.

One of the most enjoyable events of the season was the egg hunt given by Mr. and Mrs. Frank Monroe Sunday afternoon in their large pasture. 112 eggs were hidden. The special egg representing the "Frisco diamond" was found by Miss Zelda Baker.

GEO. W. ANDERSON JR.,
Clay City, Ky.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner for \$1.10.

Address all orders to
